POWER SUPPLY

Using the AC adaptor

This AC/DC adaptor operates on AC 100-240V ~ 50/60Hz.

Cautions:

- The included AC/DC adaptor is for use with this unit only. Do not use it with other equipments.
- When the unit is not going to be used for long time, disconnect the AC adaptor from the AC outlet.
- Be sure to use it near the wall outlet. If a malfunction occurs, disconnect the plug from the wall outlet at once.
- When the AC/DC adaptor is plugged in, the apparatus will not be completely disconnected from the main power source, even when the unit is turned off.
- AC/DC adaptor is used as the disconnect device. It shall remain readily operable and should not be obstructed during intended use. To disconnect the apparatus from supply mains, completely disconnect the AC/DC adaptor of the apparatus from the mains socket outlet.

Rechargeable battery operation

This unit enables you to recharge the included rechargeable batteries by connecting AC adaptor to the AC wall outlet (even when you are using the light and audio). When the unit is in recharging progress, the recharge indicator will light up with red light. When the recharging is finished, recharge indicator will change to be green.

Note: Do not charge continuously for 24 hours or more. Doing so can damage the performance of the rechargeable batteries.
