

Folding Stair Climbing “UpCart”

Item-no.: 220-461

Operating instructions:

1. Press the loading area down (the wheels will fold out automatically).
2. Press on the handle and fastening rod, and adjust the handle height in one of three positions.
3. Unlock: press to fold the support legs (the wheels and cargo area will fold up).
4. Safely flip up the loading area towards the frame (the wheels will fold up automatically).

Climbing stairs:

Hold on the handle firmly, tilt the stair climber in order to balance the load and pull upwards.

Going down stairs:

Hold on the handle firmly and push the stair climber downwards/down.

NOTE: Go down the stairs slowly and carefully.

Dimensions folded out
H 1115 mm x W 584 mm x D 495 mm

Dimensions folded up
H 546 mm x W 617 mm x D 112 mm

CAREFUL For your safety, do not overload the stair climber. Maximal load capacity is 45.5 kg.

Do not load the stair climber when it is tilted.

Make sure that there is no one below you on the stairs.

Never hold or pull on the fastening rod.

Never let go of the stair climber on the stairs.

Always secure loads on the frame.

Always ready for use

Easy transportation of loads up and down the stairs
