

Folding Reading Specs

Item-no.: 513-127 ff

1. Fold open the temples upwards and downwards as shown.
2. Turn the temples separately by 90° while holding the opposite side at the edge of the lens with thumb and index finger. It doesn't matter in which direction the temples are turned.
3. The glasses are ready for wearing.
4. Turn the temples back in reverse order and then fold together.

Attention: Do not fold the temples as shown in Fig. 3, danger of breaking!

Only intended for brief use. Not suitable for use when driving!
