

Radiator Towel Rail

Item-no.: 540-666

ASSEMBLY INSTRUCTIONS THE TOWEL DRYER

for radiators

-adjustable-

How to assemble the -TOWEL DRYER- towel dryer – accessories

One bracket, top section

One bracket –adjustable-

One towel rail with through hole

One towel rail with blind hole

First slide the adjustable bracket on to the top section's bracket and secure it in the desired place using the headless screws.

Then slide the towel rail with the through holes on to the top section's bracket and secure it at both ends using the existing headless screws.

Assemble the second towel rail in the same way.

Care instructions

An occasional wipe with a damp chamois leather is sufficient for cleaning the surfaces.

Any commonly used household cleaner may also be used if necessary.

Please do not use any abrasives.
